Expressive Type Project

Create 3 compositions using 3 different words.
Use Illustrator's tools and to explore/express the
 meaning of the word.

*Think about the appropriate font for the project.

*Use Window>Type>Character to adjust the type settings

*Use Window>Type>Glyphs to add glyphs & ligatures

*Use Window>Appearance to experiment with multiple fills,
strokes and effects.

*Use Window>Swatches to experiment with imported textures

*Use brushes - blob and art and calligraphic

*Create 3 artboards in one illustrator file
*Save the project as Lastname_Expressive_type.ai for your
records
*Save the project as Latname_Expressive_type.pdf and bring to
class.
